## How does electronically posting your transactions daily help you?

1. Allows you to reconcile credit card payments and cash deposits back to your bank daily
2. Ensures that your revenues and payments are in balance
3. Shows how your property is performing to date in time to make changes
4. Ensure ledger balance advance deposit guest and city
5. Become more aware of the difference in Good Days and Bad Days
6. Mapping ensures that your transactions are entered in the appropriate account number
7. Additional mapping can automatically create Market Segmentation data
